Name of organisation:

Name and position of interviewee:

Date of interview:

General questions about the organisation

- What does the organisation do (general)?
- What is the function of the organisation in the village?
- Who is the organisation aimed at?
- Does the organisation have many (older) members?

On offer to the elderly

- What activities does the organisation organise specifically for older people in this village? What does the organisation do for the elderly? Describe these activities or other things on offer in both villages.

Living in the village

- What is the experience of the living conditions and related needs of the elderly in the village?
- What are the advantages of living in this village for older people?
- What problems can the organisation identify on this point?
- What possible suggestions for solutions does the organisation have for these problems (what, how and by whom)?
- Does it seem that these problems can/will be solved in the near future?
- What role can the organisation itself play in this? What can your organisation contribute on this point?

Informal networks

- What role can family, friends or neighbours play in the field of care and services for the elderly? To what extent can that influence their housing situation and housing needs?
- What role can clubs play in the lives of the elderly? To what extent can that influence their housing situation and housing needs?
- What developments (positive and negative) can you identify in these areas?
